

Carbide Tipped Band Saw Blades

Characteristics:

- ◆ Tungsten Carbide Teeth
- ◆ Flexible backing material
- ◆ Two different Carbide Qualities
- ◆ Patented Tooth Geometry

Applications:

- ◆ Inconel, Hastalloy, Titanium,
- ◆ Cast Aluminum
- ◆ Heat Treated Steel
- ◆ Ceramics, Cement Composites
- ◆ Tires - Reinforced Rubber
- ◆ Graphite

For Manual Machine Cutting

Tri-Chip Carbide Tipped Band Saw Blades				
<i>WIDTH + THICKNESS</i>		<i>High Low Chip</i>		
		<i>TEETH PER INCH</i>		
mm	Inches	2	3	2/3
20 x 0.90	3/4" x .035		■	
27 x 0.90	1" x .035		■	■
34 x 1.10	1-1/4" x .042	■	■	■
41 x 1.30	1-1/2" x .050	■	■	

Automatic Machines, Outstanding Production

Multi-Chip Carbide Tipped Band Saw Blades				
<i>WIDTH + THICKNESS</i>		<i>Multi Chip</i>		
		<i>TEETH PER INCH</i>		
mm	Inches	2	3	2/3
20 x 0.90	3/4" x .035		■	
27 x 0.90	1" x .035		■	■
34 x 1.10	1-1/4" x .042	■	■	■
41 x 1.30	1-1/2" x .050	■	■	

To place your order, tell us:

<u>Quantity</u>	<u>Blade Material</u>	<u>Blade Length</u>	<u>Blade Width (Thickness)</u>	<u>TPI</u>
10	Multi-Chip Carbide	13' 6" (162")	3/4" (.032)	3

Saw Blades
