12" x 1/2" x (.025)	■	■	■
Raptor Part Number	CI 221218	CI221224CI2	21232

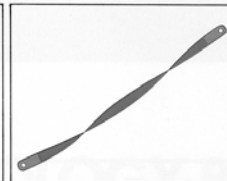

Our proof of safety.

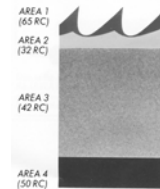

1) FLEXIBLE
You can bend the Ultra bihard blade around a pipe of 40 mm/1 1/2" diameter like a bimetal blade.

2) SHATTERPROOF
Exaggerated bending to a diameter of around 5 cm will break the blade but no shattering will occur.

3) SUPPLE
Twist the Ultra bihard blade through 360° and no breakage will occur.

STAGED HARDNESS
